

# LSSC SwimDay Simplified – Pro Tier Roadmap

This document outlines the proposed feature tiers for the Lakeshore Swim Club app (SwimDay Simplified). Each tier builds on the existing free version, adding increasing functionality for paid users.

## ■ Pro Basic (Weeks 1–3)

Feature	Description
Multi-Swimmer Support	Generate schedules and results for multiple swimmers at once.
Automatic Best-Time Highlighting	Highlight new personal bests in the results table.
Custom Meet Header & Logo	Add meet name and club logo to generated PDFs.
Extended File Size (25 MB)	Increase upload limit for large heat sheets.
Custom Color Themes	Allow team-color customization in generated PDFs.

## ■ Pro Plus (Weeks 4–8)

Feature	Description
Meet History Tracker	Save and compare swimmer results across multiple meets.
Performance Graphs	Display time improvement charts per event or stroke.
CSV/Excel Export	Export event data and results into a spreadsheet.
Coach Access Mode	Provide a password-protected coach view for all swimmers.
Team Summary Report	Generate a combined multi-swimmer PDF report.

## ■ Pro Premium (Weeks 9–16)

Feature	Description
Cloud Save & Sync	Save data online for access across devices.
Share Results Link	Generate private, shareable URLs for swimmer results.
Family Sync Mode	Allow shared results between family accounts.
Stripe Payment Integration	Enable real payment processing for subscriptions.
Auto Notifications	Send email reminders before each event.
OCR PDF Parser Upgrade	Add OCR to handle scanned PDFs and images.
